interface

SWC

INTERFACES COMMANDES AU VOLANT (SWC)

Les interfaces commandes au volant (SWC) permettent d'installer un autoradio seconde monte (after market) dans un véhicule en maintenant l'utilisation des commandes au volant. Les interfaces pour voitures équipées de CAN-BUS peuvent également fournir les caractéristiques suivantes: alimentation 12V, illumination, volume, signale marche arrière et frein à main.

Chaque interface est compatible avec une gamme de câbles de connexion (LEAD vendus séparément) pour les suivantes marques: Alpine, Becker, Blaupunkt, Clarion, JVC, Kenwood, LG, Panasonic, Pioneer, Sony, Zenec.

Steering wheel controls interfaces allow plug and play installation of an aftermarket head unit into a vehicle whilst maintaining use of the steering wheel controls. Interfaces designed for CAN-BUS vehicles also provide the following additional features: ignition 12v, illumination, speedpulse, reverse and park brake.

Each interface is compatible with a range of patch leads (sold separately) for the following brands:

Alpine, Becker, Blaupunkt, Clarion, JVC, Kenwood, LG, Panasonic, Pioneer, Sony, Zenec.

interface

USB

INTERFACES USB

Les interfaces USB permettent de connecter les dispositifs USB à l'autoradio d'origine du véhicule. Cette interface est connectée à l'entrée du chargeur CD et permet de contrôler le passage des plages audio par les commandes l'autoradio d'origine ou du volant (si présente). L'interface USB offre également la possibilité de connecter une source audio en jack 3,5 ou de lire le contenu d'une SD Card.

USB interfaces allow USB devices to be connected to an original head unit.

This plug and play interface connects to the CD changer port and allows the user control of folders and tracks from the head unit and steering wheel controls (if fitted).

The USB interface also offers a 3.5 mm. headphone socket for connecting alternative audio devices.

interface iPod

INTERFACES IPOD

Les interfaces iPod permettent d'écouter le contenu audio d'un iPod sur l'équipement d'origine du véhicule.

Cette interface est connectée à l'entrée du chargeur CD de l'autoradio d'origine.

L'iPod peut ainsi être contrôlé par les commandes d'origine de l'autoradio ou du volant (si présent).

iPod interfaces allow iPod integration with an original head unit.

This plug and play interface connects the CD changer port of the head unit.

The iPod can then be controlled via track and playlist from the head unit and steering wheel controls (if fitted).
